Function

ILLUMERGY, a portable gadget equipped with rechargeable Li-ion battery, provides some practical functions:

Flashlight (LED):

When the user holds *Illumergy* and selects the flashlight mode, the bottom 1 W LED comes up for illuminating in dark.

Reading/Table lamp (LED):

When the user selects the lamp mode and then normally puts *Illumergy* on the table, the top 1 W LED comes up as a table lamp for reading and so on within dark.

Power bank:

When the battery of mobile gadget gets powerless outdoors, *Illumergy* plays a role as power bank (2600 mAh) for helping charge.

Instructions

Specification (2-year warranty)

Flashlight		1 W LED with high brightness (Produced / Packaged in Taiwan)
Table lamp		1 W LED with high brightness (Produced / Packaged in Taiwan)
Plastic case		Heat-resistant ABS
Continuous lighting		15 hours after fully charged
Output (Power bank)		DC / 5 V, 1 A (USB)
Input (Charging)		DC / 5 V, 1 A (Micro USB)
Backup battery	Model	18650
	Capacity	2600 mAh
Battery Protection		<ul style="list-style-type: none"> ✓ Overcharge/discharge ✓ Reverse connection
Weight	w/o battery	90 g
	w/ battery	135 g
Length		21 cm

Extension

The practicality of *Illumergy* will be raised remarkably when combining with the *Solar Book* for charging it everywhere!

Solar Book (W0601-SB-5000)

Solar Book A handy and foldable solar cell

- ✓ 2.5 W solar panel × 2 (Monocrystalline)
- ✓ 18650 Li-ion battery equipment (2600 mAh)
- ✓ Output: 5 V / 1 A (Power bank, USB)
- ✓ Input: 5 V / 1 A (Charging, Micro-USB)
- ✓ Dimension: 18.6 × 15.2 × 3 cm³
- ✓ Weight: 350 g

<NOTE>

Solar Book will be fully charged in 3.5 hours by solar panel if the outdoor sunlight is extremely strong. The charging time depends on the sunlight in different zones, 4~5 hours averagely.
